## How to Get Started

Club Portals is dedicated to making your online presence a successfully endeavor. Because we want you to be successfully we have taken out most of the grunt work in creating a new website for your club or organization. The process is simple and is described in the following steps:

- Fill out the registration at ClubPortals.com. We will then send you a simple questionnaire that will help us create your site.
- After we have received this information we will create the design for your site. A URL will be provided so that you can provide us feedback on your design. We would also be more than happy to help you convert some of your data from your old site.
- Once you are happy with the look and feel of your new site we will deliver a confirmation email with a link to our payment provider. This email will also include any pertinent information that you will need to point your domain name to your new website.
